

THE UNIVERSAL HOUSE OF JUSTICE

16 June 2019

1 The International Board of Trustees of Ḥuqúqu'lláh

2 Dear Bahá'í Friends,

3 We are delighted to welcome you to the Holy Land as newly-appointed members of
the International Board of Trustees of Ḥuqúqu'lláh for the first meeting of the current term. It
is a measure of the advance made by the institution of Ḥuqúqu'lláh and the promise for
future progress that we have decided to increase the duration of your term to five years to
allow you to operate according to long-term strategies and associated lines of action to
further the implementation of the law of Ḥuqúqu'lláh. Beginning with the next round of
appointments, the term of the Regional and National Boards will also increase to five years.

4 As described in our recent Riḍván message, the development of the Bahá'í
community is accelerating rapidly, its capacity is rising, and its ability to draw on the
energies of more of its members is increasing. A new reality is emerging as large numbers
engage in community-building activities within neighbourhoods and villages and many
among them subsequently embrace the Faith. This bodes well for a greater level of
participation by the Bahá'í community in the marvellous law of Ḥuqúqu'lláh.

5 To assist you with your consultation on the responsibilities that lie before you as
Trustees of the Right of God, we are attaching an extract from our letter to you dated 21 June
2016, which elaborates on concepts of fundamental importance to the further development
and functioning of this institution. We hope that careful study of this extract and reflection
on the experience of your institution will not only clarify the various aspects of your work
but will also assist you as you seek to further enhance your sense of common purpose and
collective effort at the start of your new term. No doubt, early in this new term you would
wish to review the efficacy of your current organizational arrangements in light of the
growing complexity of your functions. In view of the evident progress you have made, you
are encouraged to continue giving thought to further enhancing your interaction with the
Regional and National Boards of Trustees. It is our hope that your deliberations over the next
days will be imbued with the creative forces present in these sacred precincts.

6 Rest assured of our prayers in the Holy Shrines that your dedicated efforts may
attract divine confirmations.
