To the friends gathered at the Teaching conference

memory of the h and of the cause of g od d r. raḡmātu'lláh m uhájir

c/o The National Spiritual Assembly of the b ahá'ís of e cuador

dearly loved f riends,

As our hearts turn to your assemblage, we are moved to recall the remarkable spirit of dr. muhájir, whose presence is surely felt by all of you gathered on this occasion.

dr. muhájir was a man of vision, who had an extraordinary ability to recognize the practical needs of the community, but he was also a man of action, and his greatest dream was that the masses of humanity would soon awaken to the call of bahá'u'lláh. he well understood that the greatest gift that bahá'u'lláh has given us is the privilege to become instruments through which other souls are touched by h is healing message. i f we offer ourselves in the right manner, if we make selfless efforts, if we arise with love and with courage, then our services and sacrifices will be confirmed and many seeking souls will find eternal life. Thus the cause of god will blossom before our eyes.

dr. muhájir has left a great legacy, and by the grace of god his earthly remains repose in latin America, in a land and amongst a people that he loved so much. we earnestly pray that the memory of his indomitable spirit will inspire all of those present at this international conference to arise and follow his noble example by offering enthusiastic and humble service during the yearlong teaching plan that has been dedicated to his memory.

with loving b ahá'í greetings,

Release of a Compilation on the

Sanctity and Nature of Bahá'í Elections

10 December 1989

To all National Spiritual Assemblies

dear Bahá'í friends,

on Bahá'í elections as a useful tool to help National Spiritual Assemblies to increase the understanding of the believers regarding the nature and sanctity of these elections, and to prepare themselves for the expected rapid increase in the number of believers. A compilation entitled *The Sanctity and Nature of Bahá'í Elections* has been prepared by the research department, and a copy is attached.

81-1

The study of this compilation will require careful and sustained planning by the National Spiritual Assemblies and local Spiritual Assemblies, and it should become part of the ongoing program for the deepening of the friends in the fundamentals of Bahá'í administration. The House of Justice urges all National Spiritual Assemblies to discuss the implementation of such a program with the counselors, so that the rank and file of the believers, with the wholehearted support of the Auxiliary Board members and their assistants, will appreciate the importance of adhering to Bahá'í principles in this regard, and carry out all Bahá'í elections, on the national as well as the unit and local levels, in an exemplary manner, in full harmony with the spirit of purity and sanctity which must characterize them.

It is for all delegates allocated to the National convention to be elected and the desirability of having all the elected delegates attend this vital national event. It has been noticed that, although attendance at most National conventions is gradually improving, in several countries every year not all delegates are being elected, and in numerous instances, even when elected, they do not participate either in person or by sending in their ballots.

81-1. The compilation is too lengthy to include here; see cc 3, pp. 139–53.
