

THE UNIVERSAL HOUSE OF JUSTICE

1986-06-25

To all National Spiritual Assemblies

with hearts we announce execution by hanging of Farid Bihmardi on 10 June 1986 in Tehran. His family were unaware of his execution and found out about this sad event a few days after he was buried by the authorities. Mr. Bihmardi, age 46, was one of the outstanding Bahá'ís in the cradle of the Faith. He was under torture for a very prolonged period of time, but his endurance was a source of encouragement to other Bahá'í prisoners who were witnesses to his suffering. Five of the prisoners have indicated to their visiting relatives that it may be the last visit they will have, which implies their imminent execution. . . .
