

THE UNIVERSAL HOUSE OF JUSTICE

19 September 2017

To all National Spiritual Assemblies

Dear Bahá'í Friends,

It is with great joy that the Universal House of Justice makes available to you the final versions of *Light to the World*.

High-resolution copies of the film with subtitles in Arabic, English, French, Persian, Russian, and Spanish, as well as one with voice-over in Persian, have been placed on a website, in a number of formats to suit different needs. Also online are the DVD cover artwork, technical instructions, and video and audio files that will allow National Assemblies, where required, to finalize versions of the film with subtitles or voice-over in relevant languages....

It is hoped that on the occasion of the two-hundred-year anniversary of the Birth of Bahá'u'lláh, as well as in years to come, this film will uplift the viewers' spirits, inspire thoughtful reflection, and increase their love for the Blessed Beauty.

With loving Bahá'í greetings,

Department of the Secretariat
